

Disposable Splinter Probes

Aaxis Splinter Probes are designed for precision and safety in the removal of splinters, foreign objects, and debris from the skin. Individually wrapped and crafted for single-use, this probe helps minimise the risk of cross-contamination between patients or users.

Sharp Angled End Points
Allowing for the gentle and effective extraction of foreign particles

Convenient Blister Pack
Hygienically packed and easy for individual opening

Single Use
Helps reduce the risk of spreading infections between patients

- Suitable for:**
- First aid kits
 - GP and clinics
 - Removal of small foreign objects and particles
