Bodichek®

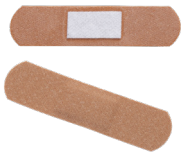

Fabric Strips

Bodichek Fabric Strips are intended for the protection and management of minor superficial wounds. The strip helps protect against water, dirt, and everyday contamination while remaining comfortable on the skin. The strip may also be layered to provide additional coverage and light compression where clinically appropriate.

Breathable
Allows airflow to support skin integrity and patient comfort during wear

Protective Barrier
The strip assists in shielding the wound site from environmental contaminants and particulates

Gentle on Skin
Low- adherent absorbent pad minimises trauma to the wound bed and supports atraumatic removal

13010001

Suitable for:
- Minor lacerations, cuts and abrasions
- High-mobility anatomical areas (e.g. fingers, elbows, knees)
- Securing primary wound dressings
