Bodichek®

Plastic Spots

Bodichek Plastic Spots are designed to protect small wounds with comfort and reliability. Each spot features a low-adherent absorbent pad, and a flexible plastic backing with breathable perforations to help protect against water, dirt, and everyday contamination.

Breathable
Allows airflow to the skin to support comfort and healing

Water Resistant
Helps protect the wound from water and external contaminants

Gentle on Skin
Low-adherent pad cushions the wound and allows for easy removal

Suitable for:
- Injections
- Small wounds
- Minor punctures
