

## Bed Stretcher Covers and Sheets

Verasoft Bed Stretcher Covers and Sheets are single-use covers that serve as a protective barrier for bedding, aiding in infection control by lowering the chance of cross-contamination. These convenient protective layers enable clinicians to provide a clean and fresh environment for each patient.

### Ideal for Infection Control

Protects bedding and aids in maintaining a clean and hygienic environment

### Disposable

Aids in maintaining infection control and reducing excess laundering

### Tear Resistant

Provides durability and reliability in various healthcare settings
