PODIATRY PACKS

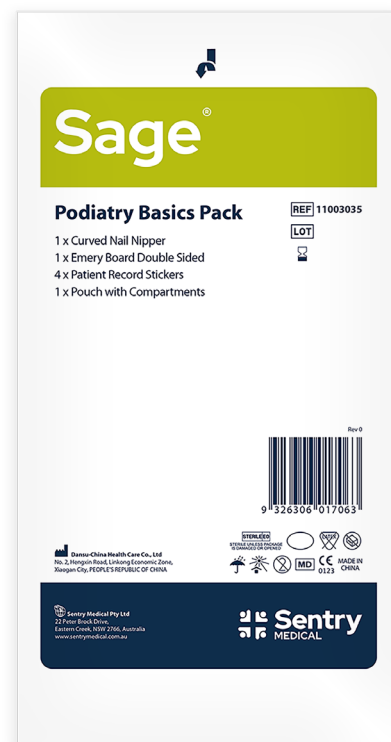

Sterile Sage® Podiatry Packs

For over 30 years, Sentry Medical has been helping health care professionals provide exceptional care to their patients through a modern and quality driven portfolio.

Sage Sterile Surgical Instruments are part of the portfolio and have proven their effectiveness and convenience in hospitals, emergency wards, and various health care settings. New to the range are the podiatry packs.

Sage Podiatry Packs are carefully assembled to ensure convenience, hygiene, and ease of use during foot procedures including foot care and nail surgery. They are designed to minimise the risk of infection and provide healthcare professionals with the essential tools needed to perform with precision and accuracy.

Sage Podiatry Basics Pack

Features & Benefits

Sterile

These packs provide an on-demand sterile setup to help minimise the risk of infection

Time Efficient

Reduce setup time during medical procedures to enhance efficiency

Durable

Stainless steel provides durability and corrosion resistance

Ergonomic Handles

Handles are designed to help reduce stress and enhance grip, e.g., knurling on the Blacks file and latex-free handle grips on the curved nipper

Various Component Options

Packs are offered in a range of configurations for different foot care needs
