

Patient Tread Socks

Owear Patient Tread Socks are designed for patient comfort and the tread pattern covering the sole provides added traction allowing patients to walk around with ease. Made from a quality mix of polyester and spandex, the material composition and design of these socks means they are less likely to twist and bunch. Available in a range of sizes to cater for kids and adults.

Comfortable and Warm

Soft material for user comfort and range of sizes for optimal fit

Relaxed Ankle Fit

Stretches comfortably making it easier to put on, and helps reduce pressure around the ankle

Not Made with Natural Rubber Latex

For users with latex allergies or sensitivities

Prominent Size Colours

Size is easily identified by different tread and pattern colours and is also displayed on the sole of the sock

Suitable for: - Hospitals
- Aged care centres
