

Reusable Silicone Tourniquet

The new Bodichek® Reusable Silicone Tourniquet provides a durable and cost-effectiveness reusable solution. Its non-porous, hydrophobic silicone design helps reduce cross-contamination, resists liquid absorption, and is easier to clean than traditional fabric tourniquets.

Easy to Use

Quick and slow buckle release mechanism allows for easy application and removal

Comfortable Band

Soft and adjustable band to suit every patient

Reusable and Cost-Effective

Designed for multiple uses with proper cleaning and disinfection - helping reduce waste and overall cost

- Suitable for:**
- Blood sample collection
 - Cannulation procedure
 - First aid use to stop bleeding

REF	Size	Feature	Sterility	Pcs/Unit	Units/Ctn
TNQ002	2.5cm x 40cm	Clip buckle mechanism	Non-Sterile	25	8

At Sentry, we are dedicated to upholding sustainable principles to safeguard our planet, people, and future, and we strive to consistently act responsibly in doing so.
