

Transparent Film Dressing HT

The Asguard Film Dressing HT is a transparent polyurethane adhesive film with moisture vapour permeability which has **Hi-Tac** adhesion to the skin and forms a flexible and comfortable layer. Asguard Film Dressings HT conform to the skin and allows easy visibility to wound healing. They are ideal for the management of all types of insertion sites to provide a waterproof environment and/or to keep primary dressings in place.

Hi-Tac Secure Adhesion

Adhesive dressing enables firm fixation, minimising dressing movement or premature displacement

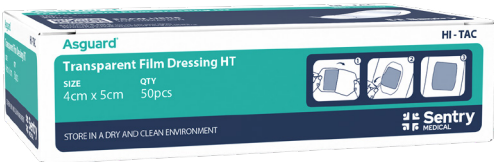

Waterproof

Outer layer protects site from fluid penetration, allowing patient to shower with the dressing in-situ

Transparent Film

Allows visualisation of covered tissue

Suitable for:

- Wounds with little or no exudate
- Protection and securement of IV lines
- Dressing protection and reinforcement

REF	Size	Sterility	Pcs/Unit	Units/Ctn
ISB001HT	4cm x 5cm	Sterile	50	10
